## ***The Better The Cows — The Better The Calves***

Today's breeders are charged with the responsibility of maintaining a breed's gains, continually making the best better. The basis for greatest improvement comes through the sire . . . but if progeny are to continue better than either sire or dam, a bull's influence must be enhanced by capable help from the female herd. Here are some topnotch Shorthorn matrons at Anoka Farms and Curtiss Candy Company Farms. Their deep, roomy bodies and wide level backs lead in appreciation of the kind of calves produced year after year in these two famous herds.

# From two noted herds comes a great offering . . .

In the belief that buyers from a distance may be prompted to attend this sale through the breeding and excellence of the cattle to be offered, no effort has been spared to give all of the facts in this catalog. Those who study it will agree that it is unusual to find the grand young show and breeding prospects from two noted herds being offered right along with the royally bred cows that produced them.

The writer was guided in the preparation of this catalog by specific instructions from the owners to forego glowing descriptions in favor of providing factual information regarding bloodlines and production records. As nearly as possible these instructions have been followed and prospective buyers will find records of production in the footnotes that will be of great help in measuring the value of the mature females. In a few instances superlatives have been used in describing the animals and these may be chalked up to a sale manager who admits being carried away by enthusiasm when he finds an animal that particularly fills his eye . . . and there are many of them in this sale.

It is a stroke of good fortune for prospective buyers that brings together the principal members of two famous herds in one auction. I am very glad to recommend these cattle. Most certainly they are the kind upon which successful herds may be founded.

HAL LONGLEY of The Shorthorn World.

# General Information

**Farm locations**—Anoka Farm is located at Waukesha, Wisconsin. Curtiss Candy Company Farms are located at Cary, Illinois. The cattle may be inspected at these farms until February 20 at which time they will be moved to the pavilion in St. Charles, Illinois.

**Sale location**—The sale will be held in the new Fox Valley Live Stock Center, located one mile west of St. Charles and midway between Routes 64 and Alt. 30. This is one of the cleanest and finest sale pavilions in the country.

**Time**—The sale will be held on Tuesday, February 26, 1952, starting promptly at 12:00 o'clock noon. Lunch will be served at the pavilion.

**Sale Headquarters**—All messages in connection with this sale should be sent to the Sale Manager at 16 South Locust Street, Aurora, Illinois, since this office is only 12 miles from the sale pavilion.

**Hotel Reservations**—You may take your choice of two hotels . . . the Baker Hotel in St. Charles, Illinois, or the Aurora-Leland Hotel in Aurora, Illinois, both very good. Reservations may be made direct or by writing to Sale Manager Hal Longley. Transportation will be provided from both hotels to the sale pavilion.

**Travel Directions**—Guests from the east or south who travel by train or plane should route themselves to Chicago. The three towns of St. Charles, Geneva and Aurora are all located 40 miles west and southwest of Chicago. All are within 12 miles of each other and within easy reach of the sale pavilion. All may be reached from Chicago via the Chicago, Aurora and Elgin Electric Line. St. Charles is on the main line of the Chicago, Great Western railway. Geneva is on the main line of the Chicago & Northwestern railway. Aurora is on the main line of the Chicago, Burlington & Quincy railway. Guests from the west who travel by train may come directly to these towns without going into Chicago. The Chicago airport is midway between Chicago and Aurora. Planes will be met if advance notice is given.

**Auctioneers**—J. E. Halsey and C. D. (Pete) Swaffar.

**Please note**—Those who wish to secure further information about the cattle in this sale, or regarding travel or hotel accommodations, should get in touch with Hal Longley, Sale Manager, 16 S. Locust St., Aurora, Illinois.

# Terms and Conditions

**GUARANTEE**—All cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association. This guarantee is printed in full on page 76 of this catalog. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchasers, but cattle will be at buyers' risk as soon as bid off. Every precaution will be taken to see that animals arrive in sound and healthy condition.

**TERMS**—The terms of this sale are cash unless arrangements are made in advance with the owners. All settlements must be made with the clerk of the sale immediately at the conclusion of the auction and before the animals are removed.

**HEALTH**—All cattle in this sale have been tested for Bang's Disease within 30 days of the date of the sale. A 60 day Tuberculin retest will be allowed and all cattle are guaranteed to comply with the health regulations of any state into which they may go. Health certificates will be provided with each lot sold.

**LIABILITY**—The above guarantee and terms shall constitute a contract between the seller and buyer of each lot. Neither the clerk of the sale, nor the individual designated as Sale Manager assumes any liability, legal or otherwise. Where footnotes appear in this catalog they were furnished by the owners. We will not be responsible for any accidents that may occur, but will make every effort to provide for the comfort and safety of our guests.

**INQUIRIES ABOUT CATTLE LISTED**—The Sale manager will gladly answer, to the best of his ability, any question which may arise in the minds of prospective buyers concerning the breeding and quality of any animals listed in the catalog. Such correspondence should be addressed to Hal Longley, Sale Manager, 16 South Locust Street, Aurora, Illinois.

## Mail Bids

Those unable to be present, and who desire to do so, may send buying orders to any of the following men:

# The Opportunity Sale . . .

**Most sales contain only the surplus of herds. This sale is different. This sale contains not only the fine young animals developed in two noted herds but also the great cows that produced them. No matter where you live or how much time or expense is involved in travel, you owe it to yourself to attend this sale.**

The late Frank W. Harding, farmer, breeder, importer, exporter, noted judge and one of the greatest exponents of the Shorthorn breed. Picture is a copy of the painting presented by the Saddle & Sirloin Club of Chicago to the Royal Agricultural Society of Great Britain.

## The Anoka Consignment—

Although the heirs of the late F. W. Harding have made it plain that Anoka Farms will be continued and that a strong Shorthorn herd will be maintained, the settlement of the estate makes necessary the immediate sale of a large portion of the herd. Accordingly, on February 26th prospective buyers are to have an opportunity to make selections from 39 lots. Despite the fact that these were the cattle considered by Mr. Harding, one of the breed's greatest judges, to be permanent members of the Anoka breeding herd, the animals in this sale were selected because of their immediate appeal to buyers and without regard to the long-time plan of herd operation. Although the two famous herd bulls, Scotsdale Bombardier and Imp. Duncrahill Recommendation, are to be retained along with a royally bred group of older females, it may be said without fear of contradiction that the animals selling represent the strong end of the herd.

The constructive services of the late Frank W. Harding in behalf of the improvement of American livestock were continuous for over half a century. Since it is a matter of record that nearly every major Shorthorn breeding establishment can trace some of its progress to seed produced at Anoka or imported by its owners, it should be obvious that this sale will provide rare buying opportunities.

HAL LONGLY  
of The Shorthorn World.

Scotsdale Bombardier, grand champion bull at the 1948 International Live Stock Exposition. Chief stock bull at Anoka Farms. Many outstanding sons and daughters will be included in this sale.

**After winning highest possible honors in the North American show ring grand championship at the 1948 International Live Stock Exposition, Scotsdale Bombardier was purchased by the late Frank W. Harding. In his position at the head of the famous Anoka herd, he has proved a great sire, his calves being exceptional in balance, smoothness of flesh and all-around quality. His get and service are a feature of this sale.**

Duncrahill Recommendation was the choice of the late F. W. Harding for service at Anoka. Impressed by the improvement brought to the breed through the use in Scotland of Cruggleton Perfect and Bapton Upright, this famous judge selected for use in his own herd this bull that represented a blend of the blood of BOTH. A number of the sale females carry his service.

Augusta 98th—A two-year-old daughter of Sni-A-Bar Air Lord out of a Canadian-bred Augusta cow. She is in calf since September 9, 1951, to Don Hill Royal Leader 33d.

The \$16,500 imported Calrossie Sportsman, owned by Acadia Farm and Red Gate Farm in Ohio. Two of his first calves are to be offered in this sale and they are both outstanding show prospects. See Lots 1 and 12.

Right—All but one of the females in this group will be offered in this sale by Curtiss Candy Farms. From left to right: Curtiss Candy M Prim (sells); Klaymor Lady Pauline 7th (sells along with three daughters); Marellbar Primrose 4th (sells with a heifer calf at foot and two other daughters); Rosebud of Marellbar 2d (a good son sells); Curtiss Candy M Mina (sells along with one daughter); Curtiss Candy M Maid (sells along with two daughters and a full sister); Curtiss Candy M Victoria (sells along with two daughters). In rear—Marellbar Augusta 84th (sells with heifer calf at foot.)

A decision on the part of the owners of Curtiss Candy Company Farms to increase their dairy herds and to further enlarge the scope of their Improved Stud Service, has brought about the necessity of a complete dispersal of all salable females in the purebred, registered Shorthorn herd. It will be recalled that this herd was founded on the top specimens of the breed without regard to cost and that the blend of Mercury-Leader blood through the great sires Edellyn Peerless Mercury and Curtiss Candy Leader has resulted in calves that have won highest honors in American show rings. Because of a keen appreciation of the improving power of Shorthorns in the beef cattle world, it is with deep regret that the owners are parting with these cattle. However, there is consolation to the breed in the fact that eight great cows, all unsalable due to adult vaccination, will remain at Curtis Candy Farms and from these a new herd gradually will be developed. The herd has been maintained at a high point of efficiency and with careful attention to matters of health, all members, including the bulls, being vaccinated against Bang's by the Huddleson Method. Although this is a dispersion, all animals are being sold with complete breeding guarantees. The Curtiss cattle are excellent in point of both breeding and individuality. This is an unusual buying opportunity.

Curtiss Candy Leader, now dead, is acknowledged to have been the thickest fleshed son of the All American Favorite, Edellyn Royal Leader. As his picture indicates, he was impressively masculine with short legs, good bone and extreme width and depth. It is a matter of record that his calves have won many championships and first prizes. He spent his entire life in the Curtiss Candy Farms' herd. Many daughters and granddaughters are included in this offering.

Curtiss Candy Crusader, shown above, will not be sold in this sale. He is the chief sire in the Curtiss Candy improved stud service. A son and two daughters, all great show prospects, are to be sold in this auction.

Curtiss Candy M Senator—A bull that we have exhibited with success and that has now proved himself an outstanding sire. His first calves are here and show great promise. This bull has a wonderful head, is smooth, perfectly balanced and is backed by a pedigree that spells success. His sire, Edellyn Peerless Mercury, is one of the greatest breeding sons of Calrossie Mercury. His dam is by Curtiss Candy Leader, an equally noted breeding son of Edellyn Royal Leader, and his granddam is a direct daughter of Calrossie Mercury. His dam is a full sister to Curtiss Candy Crusader, a bull that has been used with conspicuous success in the Curtiss Candy improved stud service.

Curtiss Candy C Jimmie—We had intended to keep this outstanding junior bull calf in the Curtiss Candy improved stud service but the sale manager has talked us into selling him. He is a great calf and his dam, also selling in this sale, is a truly great young cow. It will be remembered that Marellbar Mary Anne was the third prize senior yearling at the 1950 International. Be sure to inspect this calf as well as his dam. He is shown in the picture with his dam, Curtiss Candy Mary Anne, Lot 64 in this sale.

A Shorthorn family group taken at Curtiss Candy Farms. The head of the family, Susanna's Maid 2d, is third from the right. Her daughters on either side, her son at the right and the two granddaughters shown, are all by Edellyn Peerless Mercury. Most of them, members of this family, are included in this sale.

A beautiful quartet at Curtiss Candy Farms. From left to right they are: Curtiss Candy M Victoria (sells with two daughters and a full sister); Susanna's Maid 2d (two daughters and two granddaughters sell); Curtiss Candy Maid (one daughter sells); Silverspoon Mina 4th (one daughter and one granddaughter sell).

**Those who study this catalog will recognize that the Curtiss Candy Company Shorthorn pedigrees are unusually strong and that from the original foundation females families of exceptional size and conformation have been developed. This is a wonderful opportunity to buy outstanding young show prospects as well as the cows that produced them.**

Curtiss Candy M Paula—A grand heifer out of an outstanding cow that also sells in this sale. This dark roan daughter of Edellyn Peerless Mercury is a member of the Pauline family, one of the most famous families of the breed. Note that her granddam is a direct daughter of Calrossie Control. Curtiss Candy M Paula was bred July 2, 1951, to Curtiss Candy Crusader and will have her calf early in April. Her two full sisters and her dam, all selling, make a wonderful family. See Lots 44, 45 and 47.

Curtiss Candy C Maid—Easily one of the best individuals ever produced in the Curtiss Candy Company herd. She stood second in the very strong junior yearling class at the 1951 International Livestock Show and was right up at the top of the class wherever exhibited. She will make a winning two-year-old for 1952 shows and since we had expected to exhibit her in 1952, we have not bred her. She will sell as an open heifer in this sale. She comes from the most dependable family in the herd and is another example of the quality to be expected from the Royal Leader-Mercury cross.

# Standard Guarantee of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
